

Who's Who

Ms. X, Ms. Y and Ms. Z- an American woman, an Englishwoman, and a Frenchwoman, but not necessarily in that order, were seated around a circular table, playing a game of Hearts. Each passed three cards to the person on her right. Ms. Y passed three hearts to the American. Ms. X passed the queen of spades and two diamonds to the person who passed her cards to the Frenchwoman.

Who was the American? The Englishwoman? the Frenchwoman?
