Ecological Footprint Quiz Record Sheet

Go to this link: https://www.footprintcalculator.org/home/en

Follow prompts and take the quiz. You should do it twice according to the following:

Record the data as indicated:

1. **First time you take the EF quiz**, how many earths did you get for your lifestlye?

2. **Retake the quiz,** changing your answers just enough so that you end up with ONE earth. Do your best to make changes that you think could be realistic for you and/or your family. **LIST THE CHANGES BELOW THAT YOU MADE TO REDUCE YOUR FOOTPRINT TO ONE EARTH:**

3. Devise a rationale for why the changes you made were able to reduce your footprint. Do this for each change.
